**MSMC welcomes you** to submit a grant proposal for purposes that are consonant with the faith and mission of MSMC. This fund was designed to support congregational initiatives that will lead us in new ways of being “vital” congregations. At least 50% of the cost of the project will be shared by the applicant/s.

As part of the process of developing a grant proposal, individuals making the proposal will be matched with a member of the SEED Project. This relationship is for the giving and receiving of counsel, support, and blessing to the creative, risky, or new “kin-dom” building ventures.

Please provide the following answers for the SEED Grant Proposal Review Process, one paragraph per question:
